PULLEY MANUFACTURER

Our experts in manufacture different types of automatic transmission and manufacturing products such as fixed and movable pulleys block & tackle pulley, and many more products. Our company fully concentrates to manufacture the best quality of product and we also produce the product as per customer's requirement.

We are the leading Manufacturer, Supplier, and exporter of the [Cast Iron pulley](http://www.castironpulley.com/). The Pulley is a device consisting of wheel over which a rope or chain is pulled in order to pick up heavy objects. By using a pulley, we do not have to pull up on a rope to lift a heavy object attached to it, but instead we can pull down on it. And also it can help to change the direction of the force.
